**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need as many choices as possible, to keep pricing reasonable, and to insure continuing innovation.

Reducing our choices will Increase cost and reduce customer service. Broadband accessibility is crucial to my home based business, my children's education, and my access to entertainment.

I have finally found a smaller player in this marketplace, Sonic, that provides us with internet service that is better than ATT, and Comcast. I "fired" both of those providers due to expensive service, with NO, customer service.

Sonic also provides us with a landline, that was crucial during the fires of October 2017.

We need as much competition as possible!!!!
